COACHES CODE OF ETHICS

(From www.nfhs.org and the NFHS Baseball Rules Book)

The function of a coach is to educate students through participation in interscholastic competition. An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student-athlete should be treated as though he or she were the coaches' own, and his or her welfare should be uppermost at all times. Accordingly, the following guidelines for coaches have been adopted by the NFCA Board of Directors.

The coach shall be aware that he or she has a tremendous influence, for either good or ill, on the education of the student-athlete and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.

The coach shall uphold the honor and dignity of the profession. In all personal contact with student-athletes, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.

The coach shall take an active role in the prevention of drug, alcohol and tobacco abuse.

The coach shall avoid the use of alcohol and tobacco products when in contact with players.

The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.

The coach shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.

The coach shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.

The coach shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.

Before and after contests, **coaches** for the competing teams should meet and exchange cordial greetings to set the correct tone for the event.

A coach shall not exert pressure on faculty members to give student-athletes special consideration. A coach shall not scout opponents by any means other than those adopted by the league and/or state high school athletic association.

MISCELLANEOUS ITEMS

- **Professionalism**
Your professionalism is of the utmost importance. Your athletes and fans will follow your lead. If you are respectful of the game and the officials, your athletes and fans are more likely to do the same. If you are disrespectful of the game and the officials, it will be reflected in the words and actions of your athletes and fans. Officials aren't perfect and mistakes will be made, but it is all part of the learning process for our young student-athletes. So please take those disappointments and turn them into positive learning experiences. What you permit, you promote.
- **Pre-Season Preparations**
During your pre-season preparations, invite a local official(s) to meet with your team during pre-season workouts. It allows the officials to meet your athletes and discuss new rules. It gives your athletes an opportunity to ask questions and have a discussion prior to game days. We would also recommend inviting an official to a pre-season meeting with your parents. Again, it provides a forum for healthy discussions and an opportunity for your parents to learn more about the game.
- **Scheduling Conflicts**
Certainly, scheduling conflicts are going to arise. **PLEASE COORDINATE WITH YOUR ATHLETIC ADMINISTRATOR TO ENSURE THAT OFFICIALS ARE NOTIFIED IN ADVANCE OF ANY CHANGES.** When dates, times, and / or locations are changed it not only affects the officials scheduled for that game, but also other games they are scheduled to work. Thanks so much for your assistance!
- **Importance of Coaches Vote**
Each year coaches are required to vote for the tournament officials for the following year. Please take advantage of this opportunity and take the time to carefully identify the officials for whom you are going to vote. Voting is now done online and information regarding the voting procedure will be sent electronically to school athletic administrators. **Please vote conscientiously and help us identify our most outstanding officials!** Your involvement is critical to ensuring that we can provide the best officials for our tournament.
- **Inquiries**
Our OHSAA office is here to help as needed, but depending on the time of the year it can be difficult to reach us. However, there are other sources of assistance. Our website (www.ohsaa.org) includes a great deal of information that covers many of the inquiries we often receive. The website provides baseball regulations, general sport regulations, tournament regulations, uniform regulations, etc. Your OHSBCA Officers are another great resource for you as well. Their contact information can be found on their website (www.ohsbca.org).
- **Coaches' Comments to the News Media** – OHSAA Media Regulation 18
OHSAA Bylaw 8, Section 2, reads in part, "Great care shall be exercised in the selection of officials, well in advance of the contest and agreed upon by schools involved. When the contest begins each school waives all of its rights so far as objecting to the officials." Public criticism of officials is a direct reflection upon those who were responsible for assigning the officials to the game. Officials are trained and expected to make no derogatory comments regarding the players, coaches, or schools. Coaches are expected to follow the same procedure. Failure to follow this request will result in disciplinary action.
- **Equipment – Rawlings**
Rawlings R100 is the "Official Baseball" of the Ohio High School Athletic Association. For 2006, our tournament ball will continue to be the Rawlings R100.

ATTENTION - 2008

POINTS OF EMPHASIS

Pages 67 - 69

The NFHS Baseball Rules Committee and the NFHS Board of Director believes there are areas of the game of interscholastic baseball that need to be addressed and given special attention. These areas of concern are often cyclical, some areas need more attention than others, and that is why they might appear in the rules book for consecutive editions. These concerns are identified as "Points of Emphasis." For the 2008 high school baseball season, attention is being called to: hit batters, obstruction, coaches professionalism, team personnel location, pitching requirements, non-adult bat/ball shaggers and pitcher/catcher protectors, game management and good sporting behavior. When a topic is included in the Points of Emphasis, these rules are important enough to reinforce or they have been misinterpreted.

Batters Hit By Pitch: The committee is concerned that batters are still attempting to earn an undeserved awarded base by "taking one for the team. The rules are very clear prohibiting a batter to allow himself to be hit by a pitch. The umpire needs to correctly determine his attempt and if necessary award a strike if the situation calls for a strike call. The batter has to make every attempt to avoid being hit. This is a risk minimization concern and ultimately a sportsmanship issue.

Obstruction: Obstruction in its simplest form is an act either intentional or accidental, verbal or physical that hinders a runner or changes the pattern of play. Fielders, particularly catchers and first basemen, are not allowed to deny access to the base without possession of the ball. Each player on offense and defense have areas where they can be positioned that reduces excessive contact. Plays where the ball, fielder and runner all converge at the same point – the "train wreck" – are a part of the game. If the fielder's action while not in possession of the ball denies the runner access to the base, obstruction should be called. Umpires must be aware that collisions might include malicious contact (by the offense or defense) and those penalties supersede the penalties for obstruction.

Coaches Professionalism: The coaching staff sets the entire tone of a contest and season. Quite frankly, the students look up to the coaching staff as role models and will repeat what the coaches say and imitate how the coaches act. This role as a mentor is a very serious and honorable role. Coaches, have the opportunity to take advantage of "teachable moments" during contests that will contribute to the overall development of a young person through the sport of baseball. That is why so much emphasis has been placed on the coach in this year's rules book. There is an emphasis on attending the pre-game conference, which sets a proper tone when interacting with the umpires. Controlling the dugout, modeling good sporting behavior and exhibiting ethical behavior are essential in providing an excellent lesson on being a good citizen and support the sole purpose of education-based athletics.

Team Personnel Location: It is imperative that coaches are not on buckets outside the dugout or illegally extending the dugout toward home plate or allowing players to leave the dugout during live-ball play. The salient point of this acknowledgement is that it is not in the best interest of the students we serve. This is a risk minimization concern and the consequences could be disastrous.

Pitching Requirements: There have been several rule changes that incorporate a pitcher's movement and his position on the pitcher's plate. The pitching requirements begin once he engages the pitcher's plate. In NFHS sanctioned baseball there are only two positions the pitcher can possess – the windup and the set (also known as the stretch) position. The starting position of the non-pivot foot determines whether the pitcher is going to pitch from the windup or set position. Pitchers in the windup position are required to have their non-pivot foot in any position on or behind a line extending through the front edge of the pitcher's plate. If a pitcher's non-pivot foot is in front of that line and he attempts to pitch from the windup, he has made an illegal pitch or committed a balk. In the set position, he shall stand with his entire non-pivot foot in front of a line extending through the front edge of the pitcher's plate and with his entire pivot foot in contact with or directly in front of the pitcher's plate. He shall go to the set position without delay and in one continuous motion, he

shall come to a complete and discernable stop, which does not include a change of direction with both hands in front of his body and his glove at or below his chin. These requirements provide guidance that the batter and base runner(s) know when they can swing and run and when the pitcher is in a position to deliver the ball, creating a level play field for all involved with the game. Umpires must be aware of the position of the non-pivot foot. Going to the mouth while in contact with the pitcher's plate is a balk, not because the pitcher goes to his mouth, but because the action simulates the start of the pitching motion.

Non-Adult Bat/Bat Shaggers and Pitcher/Catcher Protectors: The committee is concerned that in order to minimize risk it is important that non-adult bat/ball shaggers and pitcher/catcher protectors wear a batting helmet that meets the NOCSAE standard. That is why Rule 3-3-4 was created last year to suggest that the protector have a glove and pay attention whenever team members who are loosening up in an area that is not protected by a fence or other structure.

Game Management: All lines should be placed on the playing field to differentiate fair-ball territory and proper boundaries. Special emphasis should be placed on measuring and maintaining the correct height of the pitcher's mound. The height of the mound is 10 inches. The suggested layout is found within the NFHS Baseball Rules Book for the sole purpose of maintaining consistency and minimizing risk. Attention also needs to be given to repairing holes around the pitcher's plate and in the area where the pitcher steps with his non-pivot foot. Daily maintenance is encouraged. Schools desiring assistance may wish to contact groundskeepers at state colleges and universities for helpful suggestions and turf strategies. The on-deck circle should be to the side and away from home plate at least 37 feet if space is allowed. If the field does not allow for a safe on-deck circle placement, common sense should prevail and a secondary location (not the opponent's on-deck circle) should be identified and utilized.

Good Sporting Behavior: Umpires and coaches need to work together. Each contest is another opportunity for coaches and umpires to teach not only baseball, but also model good sporting behavior as well. The committee feels that the practice of attempting to intimidate the other team before, during or after the game is not acceptable. The positive values that are learned will serve the players long after their baseball experience has concluded. Game situations typically provide a coach the opportunity to identify a teachable moment to reinforce good sporting behavior.

Baseball Rules – By State Association Adoption

Bulletin BB-07-08

I-2-9 page 13

Note: By state association adoption, a double first base is permitted.

Not adopted in Ohio for baseball.

4-2-4 page 35

By mutual agreement of the opposing coaches and the umpire-in-chief a game may be shortened or the game terminated at any time. If there is no mutual agreement a game will be ended according to Rule 4 Section 2 and the following:

A game may end any time after 5 innings or after 4 1/2 innings when a team is 10 or more runs behind and has completed its term at bat.

If a game is called prior to the completion of a full inning after the fifth inning, the game becomes a suspended game in the following situation:

The visiting team has scored one or more runs to tie the score or to take the lead, and the home team has not retaken the lead. **REGULAR SEASON ONLY.**

If a suspended game is to be completed it will be continued from the point of suspension with the lineup and batting order of each team the same as the lineup and batting order at the moment of suspension, subject to the rules of the game (substitution may be made). Any suspended game, if it is to be resumed, will be picked up from the point of interruption. **Once a game has started, it will not start over.** Any suspended game, regardless of where it was interrupted, will be re-started from the point where play was suspended.

4-3 page 35

Note I: By state association adoption, a regulation called game, where a winner cannot be determined, shall be counted as 1/2 game won and 1/2 game lost for each team.

NOT adopted in Ohio.

Adopted in Ohio for regular season games

Any suspended OHSAA tournament game shall be continued from the point of suspension at a later time. All OHSAA tournament games shall be played to completion per the playing rules. (The 10 rule would be applicable)

4-4-1a page 35 and 36

No interscholastic contest is subject to forfeiture unless the contest has been started. Any scheduled regular season contest that is not started due to unforeseen circumstances such as, failure of team to arrive, strikes, school closings are "No Contest." Contests not played are not included in won-lost statistics.

4-5 page 36

Protests are not permitted.

6-1-6 page 42

Each state association shall adopt a pitching restriction to afford pitchers a reasonable rest period between pitching appearances.

No player may pitch in more than 10 innings in a three day period. This regulation is mandatory. The following examples are all permitted:

<u>S</u>	<u>M</u>	<u>T</u>	<u>W</u>	<u>T</u>	<u>F</u>	<u>S</u>
0	0	7	0	0	7	0
0	4	3	2	5	3	2
3	3	3	3	3	3	0
0	10	0	0	7	0	3
0	0	7	0	0	7	3
0	0	0	0	0	6	4
0	0	6	1	0	9	1

The limit is on a player as a pitcher. If he can pitch with either arm he is limited as a pitcher, **not** ten innings per arm. A player pitching in an eleventh inning in a three-day period is considered an ineligible player. **Any part of an inning is considered as an inning as per pitching rule.**

Suggested Speed-Up Rules pages 66 and 67

Any, all or any part of suggested speed-up rules have not been adopted in Ohio. However, in **non-league games**, coaches may agree to use any, all or any part of suggested speed-up rules. Agreement must be reached prior to the start of the contest.

WEATHER

(OHSAA Sports Regulation)

LIGHTNING AND INCLEMENT WEATHER

Recognition and Management:

Occasionally it may be necessary to interrupt an outdoor interscholastic athletic contest due to lightning in the area. Officials, coaches, certified athletic trainers, athletes and administrators should be educated regarding the signs indicating thunderstorm development. Due to the fact that this natural phenomenon is highly unpredictable, upon first sign of lightning or other threatening weather (thunder) the contest officials and school administrators shall monitor weather in the area. Upon the first indication that thunderstorm development is within 15 miles of the contest, the contest official shall suspend the competition until 30 minutes after the storm has left this 15-mile zone. In order to protect student-athletes, spectators and other participants, there shall be access to appropriate shelter in the event of such suspension. All contests suspended shall be resumed at the point of interruption.

Weather can be monitored using the following methods:

- **Monitor Weather Patterns** — Be aware of potential thunderstorms by monitoring local weather forecasts the day before and morning of the competition and by scanning the sky for signs of potential thunderstorm activity.
- **Flash to Bang** — This method is used to assess how far away lightning is striking. It is determined by counting the number of seconds it takes to hear a clap of thunder after witnessing a flash of lightning. The number of seconds is then divided by five to get the distance, in miles, to the lightning flash. Generally, a 30-second or less flash-to-bang count suggests it is advisable to move the athletes from the field to a safe shelter.
- **National Weather Service** — Weather can be monitored using small, portable weather radios from the NWS. The NWS uses a system of severe storm watches and warnings. A watch indicates conditions are favorable for severe weather to develop in an area; a warning indicates severe weather has been reported in an area, and everyone should take proper precautions.

OFFICIALS

OFFICIALS CODE OF ETHICS

(From www.nfhs.org and the NFHS Baseball Rules Book)

Officials at interscholastic athletic events are participants in the educational development of high school students. As such, they must exercise a high level of self-discipline, independence and responsibility. The purpose of this Code is to establish guidelines for ethical standards of conduct for all interscholastic officials.

Officials shall master both the rules of the game and the mechanics necessary to enforce the rules, and shall exercise authority in an impartial, firm and controlled manner.

Officials shall work with each other and their state associations in a constructive and cooperative manner.

Officials shall uphold the honor and dignity of the profession in all interaction with student-athletes, coaches, athletic directors, school administrators, colleagues, and the public.

Officials shall prepare themselves both physically and mentally, shall dress neatly and appropriately, and shall comport themselves in a manner consistent with the high standards of the profession.

Officials shall be punctual and professional in the fulfillment of all contractual obligations.

Officials shall remain mindful that their conduct influences the respect that student-athletes, coaches and the public hold for the profession.

Officials shall, while enforcing the rules of play, remain aware of the inherent risk of injury that competition poses to student-athletes. Where appropriate, they shall inform event management of conditions or situations that appear unreasonably hazardous.

Officials shall take reasonable steps to educate themselves in the recognition of emergency conditions that might arise during the course of competition.

UNIFORM REQUIREMENTS

The approved uniform for interscholastic baseball umpires is the Fechheimer gray color pants with an MLU navy shirt with the OHSAA **embroidered** logo on the right breast (Note: It is not permissible to wear a long sleeve garment under a short sleeve shirt). Undershirts or t-shirts shall be red. When needed, a navy blue jacket or coat shall be worn. Official OHSAA apparel shall be purchased from only OHSAA authorized dealers. All umpires on a crew **must be dressed alike**. Navy caps with OHSAA printed in block letters on the crown must be worn and shall be purchased only from licensed dealers. No jewelry may be worn except wedding band, medical ID, religious medal, or a timing device. Emblems and patches are not permitted on the officiating uniform. Penalty - Fine not to exceed \$100.

RespectSM THE GAME

The OHSAA challenges everyone to take positive steps toward positive sporting behavior. It is the responsibility of each of us to serve as a positive role model and set high expectations for others.

ADMINISTRATORS

Athletic departments are comprehensive, pre-eminent teaching departments with a subject matter all their own: self-confidence, leadership, teamwork, discipline, perseverance, respect for others, strategic thinking, dedication, the importance of rules, and sportsmanship. These are true life lessons and participation in athletics provides another forum for learning.

Coaches and Officials are responsible for promoting sportsmanship and positive behavior on the field. Administrators, we need your continued assistance in promoting sportsmanship and controlling fan behavior in the stands! Let the parents and fans know what you expect!

COACHES

Your athletes will demonstrate the attitudes and behaviors they have learned from you, either through direct instruction or through observation of your actions. *Never underestimate the influence you have on your players!* You must:

- Abide by and teach the rules of the game in letter and in spirit.
- Set a good example for players and spectators to follow.
- Respect the integrity and judgment of game officials. Treating them with respect, even if you disagree with their judgment, will serve to create a positive impression of you and your team.
- Display modesty in victory and graciousness in defeat.
- Develop a program that rewards participants and spectators for displaying proper sportsmanship and enforces penalties on those who do not abide by sportsmanship standards.

It is difficult to develop a great finisher, a great centerback or a great goalkeeper. That is true. However, your greatest challenge is to develop mature young adults who will become great citizens and role models in your community.

OFFICIALS

Your job is not an easy one, but the official must be aware that they are an important component in the educational development of students. To carry out this responsibility, you must:

- Know the rules and mechanics of our sport and the philosophy behind them.
- Get fit and stay fit. An official with all of the rules and mechanics knowledge and people skills in the world does no good if he or she cannot physically keep up with play.
- Maintain professional and ethical relationships with athletic administrators, especially in the area of fulfilling game contracts.
- Work cooperatively with fellow officials during games and within the referees' association to improve members' performances.

- Maintain at all times and when interacting with all participants, an attitude of civility and professionalism.
- Practice effective preventive officiating as much as possible before, during, and after a match. The quiet word, proper signals, timely verbal instructions, a simple thank-you to a player for avoiding an unsporting act, and well-thought-out pre-game conferences with the teams and other game officials will result in an improvement of sportsmanship by eliminating the chance for things to go wrong.

STUDENT-ATHLETES

You serve as a role model for your younger siblings, young fans in the stands, your teammates, and your classmates. Set high expectations for everyone and help them follow-through! You must:

- Accept and understand the seriousness of your responsibility, and the privilege of representing your school and the community.
- Live up to the standards of sportsmanship established by the school administration and the coaching staff.
- Learn the rules of the game thoroughly and discuss them with others. This will assist everyone in the achievement of a better understanding and appreciation of the game.
- Treat opponents as you would like to be treated.....with respect.
- Respect the integrity and judgment of game officials. Treating them with respect, even if you disagree with their judgment, will serve to create a positive impression of you and your team.

CONCLUSION

Good sportsmanship is everyone's responsibility. It is the essence of interscholastic athletics. Remember...some may question an official's call or a coach's substitution, but no one can question the value of good sportsmanship.

Note from Roxanne Price, Chair of the OHSAA Sportsmanship Ethics, and Integrity Committee:

As we prepare for the upcoming seasons, we wish to emphasize to each of you the importance of your leadership role in sportsmanship, ethics and integrity. The professional manner in which officials and coaches conduct themselves prior to, during and following a contest unquestionably impacts the behavior of others involved.

The OHSAA has joined the National Federation of State High School Associations (NFHS) in its quest to improve sportsmanship, ethics and integrity. We are involved in an ongoing campaign in every sport to do just that. Printed below is the mission statement of the NFHS concerning sportsmanship, ethics and integrity. Please take the time to read and digest this statement and then carefully consider your impact upon the players, officials, coaches, and fans. Thank you and have a great season.

NFHS Sportsmanship Mission Statement

Good sportsmanship is viewed by the National Federation of State High School Associations as a commitment to fair play, ethical behavior and integrity. In perception and practice, sportsmanship is defined as those qualities which are characterized by generosity and genuine concern for others. The ideals of sportsmanship apply equally to all activity disciplines. Individuals, regardless of their role in activities, are expected to be aware of their influence on the behavior of others and model good sportsmanship.

The states include Indiana, Kentucky, Michigan, Pennsylvania and West Virginia. The province includes Ontario. Additionally, a baseball team may travel out of state one time per sport per interscholastic season to compete in states or provinces in Canada that are not contiguous to Ohio provided there is no loss of school time.

A baseball team may not travel out of state to practice.

- 4.2) A member of a school baseball squad (any student who has played in a scrimmage, preview or regular season/tournament game as a substitute or starter) sponsored by the Board of Education may participate in non-interscholastic baseball prior to and after the school season under the following conditions:
- 4.21) The number of interscholastic baseball players from the same school on a non-interscholastic squad is limited to four on the roster of that non-interscholastic squad. A roster is defined as all the members of the entire squad on that non-interscholastic squad.

- 4) Participants shall not participate until after they have participated in their final contest for their school (Bylaw 10-3-1).

Penalty: For a senior, violation of this regulation may result in the loss of athletic eligibility for the balance of the school year. For all other students, the penalty may result in loss of eligibility for the ensuing season in the sport in which the student participated in the All-Star contest.

A baseball athlete who has not participated for a school team in baseball that season must cease non-interscholastic baseball competition four weeks (28 days) prior to the Monday of the State Tournaments in baseball in order to be eligible for OHSAA tournament competition provided applicable Bylaws and Regulations have been followed.
