- ❑ Once the drawing is concluded, seed positions shall be included on the brackets for all schools.

32. LIGHTNING AND INCLEMENT WEATHER

Recognition:

Coaches, athletic trainers, athletes, administrators and contest officials shall be educated regarding the signs indicating thunderstorm development. Since the average distance between successive lightning flashes is approximately two to three miles, ANYTIME that lightning can be seen or heard, the risk is already present. Weather can be monitored using the following methods:

- **Monitor Weather Patterns** – Be aware of potential thunderstorms by monitoring local weather forecasts the day before and morning of the competition, and by scanning the sky for signs of potential thunderstorm activity
- **National Weather Service** – Weather can also be monitored using small, portable weather radios from the NWS.
The NWS uses a system of severe storm watches and warnings. A watch indicates conditions are favorable for severe weather to develop in an area; a warning indicates severe weather has been reported in an area, and everyone should take proper precautions. Any thunderstorm poses a risk of injury or death even if it does not meet the criteria for severe weather. Therefore, anytime thunderstorms are in the forecast (even if it is only a 20 percent change), event organizers should be at a heightened level of awareness to the potential danger of lightning.
- **Management**
 - **Evacuation** – If lightning is imminent or a thunderstorm is approaching, all personnel, athletes and spectators shall evacuate to available safe structures or shelters. A list of the closest safe structures should be announced and displayed on placards at all athletic venues.
 - **Thirty-minute rule** – Competition or practice shall be suspended once lightning has been recognized or thunder is heard. It is required to wait at least 30 minutes after the last flash of lightning is witnessed or thunder is heard prior to resuming practice or competition. Given the average rates of thunderstorm travel, the storm should move 10-12 miles away from the area. This significantly reduces the risk of local lightning flashes. **Any subsequent lightning or thunder after the beginning of the 30-minute count shall reset the clock, and another count shall begin.**

33. FAILURE TO APPEAR

If a field hockey team fails to appear or is not ready to play within 30 minutes of the scheduled starting time of the tournament game, the space on the bracket may be declared vacant. A “no contest” shall be declared, and the opposing team shall advance into the next round of competition. See “No Contest” under 16.4 and 34 of the General Sports Regulations. All decisions relative to this regulation shall be made by the OHSAA Commissioner’s office.

The OHSAA, in collaboration with the administrative staff, and/or Board of Directors, and the tournament manager, may delay or reschedule a field hockey tournament contest provided it is **practical** to delay or reschedule such a contest.

Please be advised that if your contest is being played on a turf field, we expect you to play the game as scheduled rather than postpone. If the opponent has a turf field available, we will move the contest to that field the next day.
