Welcome to the 2019-20 School Year!

We are so pleased your school has elected to be a member of the Ohio High School Athletic Association (OHSAA) for the 2019-20 school year. Please know we are here to serve you! Included in this packet are various items we believe you will need in order to have a successful start to the school year. Included in this packet are:

- OHSAA Pocket Calendar (2)
- OHSAA Wall Calendar (2)
- “Working with the Media” Brochure
- Student Eligibility Summary Sheet
- 2019-20 Competitive Balance Update
- Eligibility Guide for School Counselors
- myOHSAA User Guide/myOHSAA Checklist
- Pupil Activity Permit Requirement Summary
- Production & Mailing Information
- Board of Directors Pass Explanation
- “Who to Contact” Sheet

In addition to these documents, you will also be receiving two copies of the 2019-20 OHSAA Handbook within the next couple days. Please continue reading this handout for some additional important information.

Thank you for your attention to this information, and best wishes for a successful 2019-20 school year!

Jerry Snodgrass, Executive Director
Ohio High School Athletic Association

Did You Know?

- Students who do not attend your school are not eligible to participate in an OHSAA recognized sport at your school unless the student meets one of the exceptions to the enrollment and attendance bylaw or is permitted a participation opportunity in accordance with state law.

- State law mandates students that attend a non-OHSAA member school that is designated as a STEM school by the Ohio Department of Education have athletic participation opportunities at a school within their district of residence only.

- Each student participating in the school’s athletic programs must meet all OHSAA eligibility requirements.

- Students in grades 6 or lower may not practice or participate in sports programs with 7th & 8th grade students.

- Students in grades 7 & 8 may not participate in sporting contests with 9-12 grade students.

- A signed copy of the OHSAA Eligibility and Authorization Statement, in conjunction with a current Pre-Participation Physical Examination Evaluation, must be on file at the school for each student participating in the school’s athletic programs.

- The Ohio Department of Education and Ohio Revised Code requires all interscholastic coaches (paid or unpaid) to obtain and hold a current Pupil Activity Coaching Permit and complete training in Sudden Cardiac Arrest – Lindsay’s Law.

- All coaches (paid or unpaid) shall be approved by your Board of Education or similar governing body.

- The building principal at each school is required to submit ballots for annual District Board Elections and Referendum Voting.

- Each member school must sponsor a minimum of two OHSAA recognized sports each sport season and participate in at least 50% of the maximum allowed regular season contests in that sport.

- If a student or coach is ejected from a contest, they are immediately ineligible to participate/coach until the penalty for the ejection has been served.

- OHSAA tournament divisions are determined by sport and the school’s base enrollment for grades 9-11, as provided by the Ohio Department of Education bi-annually, is used in determining the tournament divisions. Additional enrollment may be added for competitive balance sports based on the roster of students submitted by the school.

Contests With Out-Of-State Schools

Students MAY NOT MISS SCHOOL TIME to participate in a school sporting event that is located outside Ohio, unless the state is contiguous with Ohio. Failure to adhere to this bylaw will result in removal from the OHSAA tournament in the sport in which the out-of-state travel occurred. Please check all athletic schedules, particularly baseball and softball, to ensure your teams are not missing school time to travel to contests in a non-contiguous state. There is only one exception to this bylaw (See Bylaw 9-2-1). Also, school-sponsored teams and individuals may not travel out of state for practice purposes. There are two exceptions to this rule (See Bylaw 9-2-2).

Rules Interpretation Meetings

General Sports Regulation 2 indicates that any school sponsoring a sport recognized by the OHSAA in which a state tournament is held must have the head varsity coach, assistant varsity coach or athletic administrator attend or participate (online) in an OHSAA-sponsored state rules interpretation meeting in that sport by the communicated deadline date. The deadline to complete an online state rules interpretation meeting without penalty is prior to the start of the sport’s first regular season contest. There is also a later deadline for completion with a monetary penalty. Please be aware of this regulation and ensure it is completed as failure to attend will result in your school’s ineligibility to participate in the OHSAA-sponsored tournament in that sport.

Non-Interscholastic Competition

A student is considered a member of a school team once he/she participates in an interscholastic contest. Once a student’s status as a team member has been established, the student may NOT participate in an athletic contest, a tryout or any type of team or group training or practices (including open gyms/fields) with a non-school team in that same sport during the school team’s season. There are waivers, which must be applied for in advance, to allow for certain non-interscholastic participation during the sports season in the sports of golf and tennis. The penalty for a violation of this non-interscholastic rule will result in a period of ineligibility for the athlete, and potentially require forfeitures for your school’s team. Additionally, each sport has a non-interscholastic date by which all non-interscholastic competition must cease in order for the student to be eligible for the postseason tournament. So, if a student decides to join a team late (common in gymnastics, tennis, etc.), please ensure they have not participated in a non-interscholastic contest past the non-interscholastic date. Please familiarize yourself with these non-interscholastic dates, which are also outlined in the Ready Reference Sports Calendar referenced later.

Competitive Balance

Competitive Balance is the process the OHSAA uses to place schools into tournament divisions in the team sports of football, volleyball, boys and girls soccer, boys and girls basketball, baseball and softball. Your obligation as the school administrator is to input your respective rosters for the aforementioned sports into your school’s ArbiterGame account. We want to make sure you are receiving help with this process if it is needed. The OHSAA website has a comprehensive Competitive Balance Resource Center that includes help for a variety of situations (www.ohsaa.org/CompetitiveBalance.htm).

For specific answers to questions that you could not find within the Competitive Balance Resource Center, please contact the following staff members in the OHSAA Office:

Mandatory Preseason Meetings

Bylaw 3-1-4 indicates that your school is required to conduct a mandatory, preseason meeting with all student-athletes who wish to participate in the upcoming sports seasons, their parents and booster club officer(s) no later than two weeks after the beginning of each sports season. The OHSAA has developed sample agendas, PowerPoints, cover letters, etc. which can be used to assist you with developing your meeting. These samples are located under the “OHSAA Preseason Meeting Information” section at: https://ohsaa.org/School-Resources

After you have completed your school’s preseason meeting, you are required to enter the completion date into your school’s myOHSAA account so you are not subject to a $500 penalty (General Sports Regulation 5). Instructions on how and where to enter your preseason meeting date can be located here: https://ohsaa.org/Portals/0/SchoolResources/PreSeasonMeetings/PreseasonParentMeetingInstructions.pdf

Additional OHSAA Publications

If you would like to order additional OHSAA handbooks ($10), pocket calendars ($6) or wall calendars ($9), please send a check or money order made payable to the OHSAA to:

Andrea Heiberger, OHSAA Office
4080 Roselea Place
Columbus, OH 43214

Your two complementary copies of the handbook, pocket calendar and wall calendar are recommended to be distributed to your school athletic administrator and principal.

The OHSAA Magazine is published two times per year by the OHSAA. A complementary copy is mailed to superintendents, principals and athletic administrators of all member schools. Annual subscriptions may be purchased for $15 and single copies are available for $10.

The OHSAA also produces an annual School Directory and a Year in Review publication. School administrators can expect to receive the School Directory on or around October 1 and the Year in Review on or around October 15. An online school directory is always available through your school’s myOHSAA account, or the public directory is available at: officials.myohsaa.org/Outside/SearchSchool.
Your Guide to myOHSAA

What is myOHSAA?

myOHSAA is the shared database through which each member school provides the OHSAA with required information to ensure compliance with the OHSAA Constitution, Bylaws and Sport Regulations. Each member high school (grades 9-12) and each member 7th & 8th grade school has a separate myOHSAA account, even if grades 7-12 share the same building.

Each member school’s account can be accessed and maintained by the school principal, athletic administrator(s), and athletic secretary. In addition, sport coaches have access to view and complete information required of them for the school.

The school’s myOHSAA account must be accurate at all times. The information you provide allows the OHSAA Office to effectively communicate with your school and the correct persons at your school. It allows your school to receive the proper sport mailings, covers your athletes with the OHSAA catastrophic insurance and permits participate in our tournaments. Therefore we suggest that you check the school’s account at least twice a month using the myOHSAA MONTHLY Checklist printed on the back of this card. Frequent checks of these important links on the school’s myOHSAA account will allow you to stay current on all communications and easily meet required deadlines.

Who, What, When, Where?

Who is your school’s building principal, athletic administrator(s), and superintendent/head of school? What sports do you offer and who are your coaches? Do you want to participate in the OHSAA tournaments? Has your school held the required pre-season parent meetings, completed the required state rules meetings or completed the required tournament official’s process? Has your principal submitted the school’s ballots for referendum voting and OHSAA District Athletic Board elections? All of these items are maintained through the school’s myOHSAA account. Therefore, access to the account is essential for the athletic administrator(s) and school principal. You don’t have access to your school’s account? Contact OHSAA Membership Services today!

Ohio law requires coaching or pupil activity permits for individuals (paid or unpaid) who will direct, supervise or coach a student activity program that involves athletics, routine or regular physical activity or activities with health and safety considerations. School districts determine which staff members need to have a permit. Those who wish to apply for a permit through the Ohio Department of Education’s Office of Educator Licensure must complete the requirements outlined here.

Types of Pupil Activity Coaching Permits
1. A **three-year permit** is for persons with no other educator credential or an educator credential other than one of those listed below.
2. A **four-year permit** is for persons with either a four-year resident or alternative resident educator license
3. A **five-year permit** is for persons with either a five-year professional, senior professional or lead professional license.

Prior to applying for the Coaching Permit through the Ohio Department of Education (ODE), all the requirements below will need to be met:
1. **Contact the school district for which you are employed.**
   Your first step is to complete the hiring process for serving as a coach at the school or district where you wish to coach. Be sure to notify the school or district as the superintendent or a credentialed e-signer will need to electronically sign your application.
2. **Background check** - Make sure you have an up-to-date background check on file.
3. **Complete the training requirements below.**
   There are five categories of training below. Applicants are to: a) check with their school districts about preferences and procedures related to each category; and b) provide documentation to their districts that they met requirements. Coaches are encouraged to keep record of any expiration dates for their training sessions so that they can re-take them before they expire (dates vary).
   1. **Fundamentals of Coaching** ([https://nfhslearn.com/courses/61113/fundamentals-of-coaching](https://nfhslearn.com/courses/61113/fundamentals-of-coaching)) - The National Federation of State High School Associations presents this series of online modules. (One-time training)
   2. **Cardiopulmonary Resuscitation (CPR) training** - Fulfill this requirement through a course approved by the school district.
   3. **First Aid for Coaches** - Fulfill this requirement through one of the four categories of options outlined below:
      A. **Ohio Department of Education-approved pupil activity program.** A full list of approved programs is available through the link posted at the top of this document.
      B. **Nationally approved programs listed below** (Select one):
         - Red Cross (First Aid Health and Safety for Coaches): [https://www.redcross.org/take-a-class](https://www.redcross.org/take-a-class);
         - Human Kinetics Coach Education Center: [http://www.asep.com/asep_content/org/OHSAA.cfm](http://www.asep.com/asep_content/org/OHSAA.cfm);
      C. **College or university courses:** Courses must be completed within the past three years and be related to first aid or athletic training.
      D. **Medical licenses:** The licenses MD, DO, DC, PA, RN, EMT, ATC and SCS fulfill the first aid training requirement.
   4. **Concussion Training** - Complete one of the hour-long courses that are free if you follow directions on the Ohio Department of Health website: [https://odh.ohio.gov/wps/portal/gov/odh/know-our-programs/child-injury/youthconcussions/youthconcussions](https://odh.ohio.gov/wps/portal/gov/odh/know-our-programs/child-injury/youthconcussions/youthconcussions). The online courses are each valid for three years. Other related resources are located on the ODE’s web site.
2019-20 Update on Competitive Balance

Introduction
With the membership approving the four referendum issues that are related to Competitive Balance in May 2019, we wanted to provide you with a few reminders:

1.) The only issue approved by the membership that became effective immediately is the Tier for non-enrolled students (at public schools) being lowered from Tier 2 to Tier 1. This means the roster data entered during the 2018-19 school year will reflect Tier 1 for non-enrolled students for use in determining divisional assignments for schools during the 2019-20 school year. Therefore, NO ACTION from member schools is needed.

2.) The other three modifications become effective when roster data is entered during the 2019-20 school year. Since roster data is used in arrears, this means the impact of the other changes will not be seen until the 2020-21 school year.

3.) Due to the roster submission changes, schools (particularly for the sports of football and soccer) are highly encouraged to work with coaches in developing procedures for determining if a student participated in a contest.

4.) Check the OHSAA website (www.ohsaa.org) for updated guidance on Competitive Balance in a PowerPoint Summary presentation (via a PDF).

Soccer, Volleyball, Basketball, Baseball and Softball

✓ In the sports of soccer, volleyball, basketball, baseball and softball, all students who are listed on your OHSAA tournament roster, plus any student who played in a varsity regular season contest (including students who played but later were not part of the team due to injury, transfer, move, quit, dismissal, etc.), MUST annually be entered in the rostering system and assigned a specific tier.

NOTE: This is a change from past practice when all students in grades 9 through 12 were entered.

• The tournament roster limits are 22 for soccer, baseball and softball and 15 for basketball and volleyball.
• Some schools will be below that number.
• Some schools will be above that number due to:
  — Rotating players in and out of their tournament rosters, and/or
  — Including students who were not on the tournament roster but who played in a regular season contest.

Football

✓ In the sport of football, all students in grades 10 through 12 listed on ANY roster, plus any ninth-grade student who played in a varsity regular season contest, MUST annually be entered in the rostering system and assigned a specific tier.

NOTE: This is a change from past practice when all students in grades 9 through 12 were entered.

• It does not matter on what team the students in grades 10 through 12 are listed (varsity, junior varsity, reserve, Gold squad, Black squad, etc.). Each of those students in grades 10 through 12 MUST be entered (including students who were on the roster but later were not part of the team due to injury, transfer, move, quit, dismissal, etc.). Only enter ninth-grade students if they played in a varsity regular season contest (including ninth-graders who played but later were not part of the team due to injury, transfer, move, quit, dismissal, etc.).
• Any ninth-grade student who participates in one play in a varsity contest shall count as having played in a contest (a play nullified due to penalty does not count).

NOTE: Counting whether a freshman played in a contest for Competitive Balance purposes in football is different than the regulation on counting whether he/she played in a quarter.

Basic Principles of Tiering

Tier 0 = each student on a particular team’s roster meeting the criteria of this factor, multiplied by 0 (so that number will always be 0).

Tier 1 = each student on a particular team’s roster meeting the criteria of this factor, multiplied by 1 (so that number will always be 1).

Tier 2 = each student on a particular team’s roster meeting the criteria of this factor, multiplied by the sport specific factor (Football = 3; Soccer, Volleyball, Basketball, Baseball, & Softball = 7).

NOTE: These factors were modified based on the referendum voting in May 2019.

Tier 1 Non-Enrolled = each student on a particular team’s roster meeting the criteria of this factor (so that number will always be 1).

NOTE: Tier 1 Non-Enrolled was new beginning with 2018-19 roster data entry (previously was Tier 2 Non Enrolled).

Roster Submission Deadlines*

NOTE: Beginning with the 2019-20 school year there is only ONE roster entry period.

• FALL SPORTS •
  (Football, Boys Soccer, Girls Soccer, Volleyball)
  Tuesday, Oct. 15, 2019 - Sunday, Dec. 1, 2019

• WINTER SPORTS •
  (Boys Basketball, Girls Basketball)
  Saturday, Feb. 1, 2020 – Wednesday, Apr. 1, 2020

• SPRING SPORTS •
  (Baseball, Softball)
  Friday, May 1, 2020 – Monday, June 1, 2020

* Schools are HIGHLY ENCOURAGED to begin entering roster data when the roster submission date begins and only save the ending date for making any updates.

Additional Competitive Balance Assistance

We want to make sure you are receiving help if it is needed. The OHSAA website has a comprehensive Competitive Balance Resource Center that has help for a variety of situations (www.ohsaa.org/CompetitiveBalance.htm) including a video for tiering students through ArbiterGame: https://www.youtube.com/watch?v=GiP5qvuOtRQ&t=1s For specific answers to questions that could not be found within the Competitive Balance Resource Center, please contact the following OHSAA staff members:

When a high school student (grades 9-12) turns 20 years of age, he/she becomes ineligible for interscholastic athletics. There is an exception to this bylaw for a "child with a disability." Bylaw 4-2, Age Limitation

Eligibility, in order to be eligible to participate in interscholastic athletic competition at an OHSAA member school.

Bylaw 4-3, Enrollment & Attendance

In order for a student to be eligible at your school, he/she must be enrolled and attending your school fulltime. There are six exceptions to this bylaw. Exception 6, which is in accordance with state law, permits certain non-enrolled students (home educated, non-public, community school, STEM students) to have participation opportunities at the public high school located in the parents’ residential district or attendance zone for multiple high school districts. There is an additional option for home-educated and non-public school students. Please contact the OHSAA if you have any questions about which non-enrolled students can play at your school. Furthermore, after establishing ninth-grade eligibility, a student is permitted only eight semesters of athletic eligibility taken in order of attendance regardless of whether the student participates or not. There are exceptions to this bylaw.

Bylaw 4-4, Scholarship

In order to be eligible for the first grading period upon entrance into grade 9, a student must have received passing grades in a minimum of five (5) of the classes in the immediately preceding grading period. Thereafter, in order to maintain eligibility, a student must have received passing grades in a minimum of five (5) one credit courses, or the equivalent, in the immediately preceding grading period. In addition, summer school, College Credit Plus and other educational options (e.g. work permitted after the conclusion of the grading period) may not be used to bring a student into compliance with scholarship bylaws, nor can they be used to compensate for lack of courses taken in the preceding grading period. Those taking postsecondary school courses, including College Credit Plus, must comply with OHSAA scholarship regulations. The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period, at which time the grades from the immediately preceding grading period become effective.

Bylaw 4-5, Conduct, Character, Discipline

In matters pertaining to personal conduct in which athletic contests and their related activities are not involved, the school itself is to be the sole judge as to whether the student may participate in athletics. In matters pertaining to personal conduct in which athletic contests and their related activities are involved, the principal and game officials shall file a report and the Executive Director’s office shall have jurisdiction to determine additional penalties including whether or not the student may participate in athletics.

Bylaw 4-6, Residence

If a student’s parent(s) or legal guardian live outside of Ohio then he/she is ineligible for interscholastic athletics. There are several exceptions to this bylaw.

Bylaw 4-7, Transfers

If a student transfers at any time after the fifth day of the student’s ninth grade year or after having established eligibility prior to the start of school by playing in a contest (scrimmage, preview/jamboree, Foundation game or regular season/tournament contest), the student shall be subject to the transfer consequence of sitting out beginning with the second half of the maximum allowable varsity regular season contests, including the OHSAA tournament, in any sport in which the student participated during the 12 months immediately preceding his/her transfer. There are numerous exceptions to this bylaw. Additionally, if a student transfers in the middle of a season after having already participated in a regular season contest in a specific sport at his/her former school, the student will likely not be permitted to resume participation in the same sport during that same sports season.

Bylaw 4-8, International and Exchange Students

If a student is not a United States citizen then he/she is ineligible for interscholastic athletics. There are several exceptions to this bylaw.

Bylaw 4-9, Recruiting

A student may be declared ineligible if he/she is recruited by a person or group of persons to transfer to or enroll in a high school for athletic purposes. This may include a student transferring to a school at which one of his/her former school coaches has been hired. In addition, any attempt by a student to recruit a prospective student-athlete for athletic purposes is also prohibited. A violation may also affect the eligibility of the school team.

Bylaw 4-10, Amateurism

A student must be an amateur in the sport in which he/she desires to participate in interscholastic athletics. However, an athlete may receive awards valued at $400 or less from any source as a result from participation in any sport in which he/she is an interscholastic athlete, but a cash award may never be accepted. A form is available at www.ohsaa.org for a student to maintain his/her amateur status if he/she competes in an event where expenses for travel, meals and lodging are provided as long as these reimbursements are available to all participants and they are not contingent upon the student’s finish.

In accordance with Bylaw 3-6-1, at the beginning of each sports season each school MUST complete an eligibility certificate for each team to keep on file at the school listing only those students eligible under OHSAA rules. The recommended certificate is available at this link:

https://ohsaa.org/Portals/0/Eligibility/OtherEligibiltyDocs/eligcert.pdf

Before you play, you must be eligible. Please review the following checklist with your parents. Unchecked boxes may mean you are NOT eligible. For questions, see your principal or athletic administrator.

- I am officially enrolled in an OHSAA member high school or participating in accordance with state law.
- I am enrolled in at least five one credit courses or the equivalent, each of which counts toward graduation.
- I received passing grades in at least five one credit courses or the equivalent, each of which count toward graduation, during the immediately preceding grading period.
- I have a biological and/or adoptive parent who lives in Ohio.
- I have not changed schools without a corresponding move by my parents or legal guardian or by qualifying for one of the exceptions to the OHSAA transfer regulation.
- I understand I am permitted only eight semesters of eligibility taken in order of attendance, whether I play or not, once I have become eligible for athletics at the high school level by entering grade 9 or playing as a 15 year-old.
- I understand I will become ineligible once I turn 20 years old.
- I have not received an award, equipment or prize in a sport in which I compete interscholastically valued at greater than $400 per item per source.
- I was born in the United States, or I have been approved for eligibility under Bylaw 4-8, International Students.
- I am competing under my true name and have provided my school with my correct home address.
- I have not competed in a mandatory open gym/facility, conditioning or instructional program outside the school season.
- I have not been coached or provided instruction by a school coach in a team sport in which I participate other than during my sport season, during an instructional period approved by the OHSAA outside the season observing the 50% roster limitation, or for no more than 10 days between June 1 and July 31.
- I am not competing on a non-school team or in non-school competition as an individual during my school team’s season in the same sport.
- I have not been recruited for athletic purposes to attend this school.
- I am not using anabolic steroids or other performance-enhancing drugs.
- I have had a physical examination within the past year and it is on file at my school.
- My parents and I attended a preseason meeting at my school which the OHSAA requires to be held no later than two weeks after the beginning of each sports season. We viewed a presentation prepared by the OHSAA to review key eligibility issues, healthy lifestyles and sporting behavior.
- My school also reviewed with my parents and me its concussion management protocol, we reviewed and signed the Ohio Department of Health’s “Concussion Information Sheet” prior to participation and we reviewed a short presentation on concussions available at no cost at www.nfhslearn.com.
- My school also reviewed with my parents and me the Sudden Cardiac Arrest video, and we reviewed and have signed the Ohio Department of Health’s “Sudden Cardiac Arrest Information Sheet” prior to participation and we reviewed a short presentation on Sudden Cardiac Arrest.
- My parents and I have signed the OHSAA Authorization Form and the OHSAA Eligibility and Authorization Statement, and they are on file at my school.

There is an additional option for home-educated and non-public school students. Please contact the OHSAA if you have any questions about which non-enrolled students can play at your school. Furthermore, after a student completes the sixth grade and before entering ninth grade, he/she is permitted athletic eligibility for a period not to exceed four semesters taken in the order of attendance, whether he/she participates or not. This relates in concept to the eight‐semester limit regulation that is in place for high school students. For 7th-8th Grade Students Enrolled and/or Participating at an OHSAA Member School (Updated 5/1/19)

Ohio High School Athletic Association

Eligibility Checklist

For 7th-8th Grade Students Enrolled and/or Participating at an OHSAA Member School

Before you play, you must be eligible. Please review the following checklist with your parents. Unchecked boxes may mean you are NOT eligible. For questions, see your principal or athletic administrator.

☐ I am officially enrolled in an OHSAA member high school or participating in accordance with state law.

☐ I received passing grades in at least five subjects during the immediately preceding grading period.

☐ I have a biological and/or adoptive parent who lives in Ohio.

☐ I did not turn 15 before August 1 of the school year in which I desire to participate.

☐ I understand I am only permitted four semesters of eligibility whether I play or not once I have enrolled in grade seven and before entering grade 9.

☐ I have not received an award, equipment or prize valued at greater than $400 per item per source.

☐ I was born in the United States, or I have been approved for eligibility under Bylaw 4-8, International Students.

☐ I am competing under my true name and have provided my school with my correct home address.

☐ I have not competed in a mandatory open gym/facility, conditioning or instructional program outside the school season.

☐ I have not been coached or provided instruction by a school coach in a team sport in which I participate other than during my sport season, during an instructional period approved by the OHSAA outside the season observing the 50% roster limitation, or for no more than 10 days between June 1 and July 31.

☐ I am not competing on a non-school team or in non-school competition as an individual during my school team’s season in the same sport.

☐ I have not been recruited for athletic purposes to attend this school.

☐ I am not using anabolic steroids or other performance-enhancing drugs.

☐ I have had a physical examination within the past year and it is on file at my school.

☐ My parents and I attended a preseason meeting at my school which the OHSAA requires to be held no later than two weeks after the beginning of each sports season. We viewed a presentation prepared by the OHSAA to review key eligibility issues, healthy lifestyles and sporting behavior.

☐ My school also reviewed with my parents and me its concussion management protocol, we reviewed and signed the Ohio Department of Health’s “Concussion Information Sheet” prior to participation, and we reviewed a short presentation on concussions available at no cost at nfhslearn.com.

☐ My school also reviewed with my parents and me the Sudden Cardiac Arrest video, and we reviewed and have signed the Ohio Department of Health’s “Sudden Cardiac Arrest Information Sheet” prior to participation and we reviewed a short presentation on Sudden Cardiac Arrest.

☐ My parents and I have signed the OHSAA Authorization Form and the OHSAA Eligibility and Authorization Statement, and they are on file at my school.

### Guidelines for Student Athletic Eligibility

**Produced by The Ohio High School Athletic Association**

**For School Counselors – 2019-20**

**Revised 4/1/2019**

Virtually every scholarship appeal that comes to the OHSAA office places sole responsibility on you, the school counselor, for a student’s failure to meet the requirements of the applicable scholarship bylaws found in 4-4. Even though that notion is fundamentally incorrect and OHSAA rules make reference to the fact that scholastic success is a shared responsibility with parents and students expected to shoulder most of the load, the Executive Director’s Office has prepared this document to inform you of the crucial information that you need to know in order to advise students appropriately.

### IMPORTANT ITEMS TO KNOW

#### HIGH SCHOOL

1. All high school students MUST be enrolled in and earn passing grades in a minimum of **five one-credit courses** (or the equivalent) each and every grading period to have continuing eligibility.
2. Participate in every effort to ensure that all students are fully scheduled in a minimum of five one-credit courses each grading period.
3. If a student comes to you and asks to drop a course, ask the following questions:
   a. Are you a student athlete?
   b. What sports do you play?
   c. Have you visited with your athletic administrator or principal to determine if dropping this course will affect your eligibility to play a sport?
4. Do not allow the student to drop a course which reduces his/her course load below five one credit courses unless you receive a form from a senior administrator a template of which can be accessed here. (http://www.ohsaa.org/Portals/0/Eligibility/forms/SuggestedScheduleChangeForm.pdf)
5. The required Physical Education Course is not a full credit course. Do not count this course as one of the five full credit courses.
6. Always contact your principal or athletic administrator if you have any questions.
7. The OHSAA has minimum grade point (GPA) requirement, thus issues regarding eligibility when only the GPA is of concern are strictly a local school district matter and not an OHSAA matter.

**Grades 7-8**

1. All 7-8th grade students MUST be enrolled in and earn passing grades in a minimum of five courses each and every grading period to have continuing eligibility.
2. Participate in every effort to ensure that all students are fully scheduled in a minimum of five courses each grading period.
3. If a student comes to you and asks to drop a course, ask the following questions:
   a. Are you a student athlete?
   b. What sports do you play?
   c. Have you visited with your athletic administrator or principal to determine if dropping this course will affect your eligibility to play a sport?
4. Do not allow the student to drop a course which reduces his/her course load below five courses unless you receive a form from a senior administrator a template of which can be accessed here. (http://www.ohsaa.org/Portals/0/Eligibility/forms/SuggestedScheduleChangeForm.pdf)
5. Always contact your principal or athletic administrator if you have any questions.

NOTE: “Grading period” is defined as your school’s board-adopted calendar. In most school districts, this is a nine-week period, while some districts use six- or 12-week periods or semesters. It should also be noted, however, that interim, biweekly or weekly evaluations are not considered “grading periods,” and restoration of eligibility is NOT permitted after such evaluations.

In addition, **students who have not met the high school or 7-8th scholarship requirement are not “substantively eligible;” and a student who fails to register for enough credit hours, fails a class(es) or drops a class that lowers the student below the requisite number of credits, always has a shared responsibility for this shortcoming thus disqualifying such shortcoming from the “due solely to an administrative error” category. Therefore; the administrative error bylaw shall never be used in conjunction with Bylaws 4-4-1 or 4-4-5.**

#### Examples of Determining Student Eligibility – Grades 9-12

Passing grades must be received in a minimum of **five one-credit courses**, or the equivalent, in the immediately preceding grading period. To determine credit equivalency, multiply full-year courses by a factor of 1; semester courses by a factor of 2; twelve-week courses by a factor of 3; and nine-week courses by a factor of 4.

#### Post-Secondary Option – College Credit Plus

Note: If a student is taking all course work at the post-secondary institution under the College Credit Plus program, the calculation of equivalency has changed. Please note that in order for a CCP class to be used for determining eligibility by Bylaw 4-4-1, the class must count toward HS graduation.
In addition, students electing to enroll in CCP must be certain that 1.) The faculty members at the post-secondary institution understand that they will need to provide grades or a progress report at the time when the high school’s grading period is over, and 2.) The student-athlete is taking enough course work at the post-secondary institution exclusively or between the post-secondary institution and the high school combined to be equivalent to five one-credit courses. Calculating equivalency of credits in the post-secondary institution is conducted in the same manner as in the high school, based on the Carnegie unit. College courses for which three or more semester hours of credit are earned shall be awarded one Carnegie unit. Fractional Carnegie units will be awarded proportionately. This means that courses which are four, five, six or even seven hours of credit receive just one Carnegie unit. Examples of CCP options:

</tr>
</tbody>
</table>

The factor of 2 is used for post-secondary institutions that are on the semester system. Note that this student is taking all courses at the post-secondary institution, which is acceptable.

**Block Scheduling**

Block scheduling or double blocking of courses does not change the calculation of credit equivalencies as required in OHSAA bylaws. Courses taken over one semester or one quarter (9-week period) carry a factor of 2 and 4, respectively. Therefore, if a student takes an English course during the first semester only and receives one credit for passing that course, that class carries an equivalency of 2 (1 credit x the factor for a semester course (2) = 2). Examples of block scheduling:

Production & Mailing

Important information for Athletic Directors

The Production Department at the OHSAA is responsible for all printing & mailing of important information & materials to the member schools athletic directors. All materials will be mailed to the athletic director’s attention for review and then the athletic director, if instructed, should forward those materials to the head coach.

**IMPORTANT:** The fall, winter, and spring preseason mailings contain an NFHS Rule Book & any other pertinent information as determined by the Director of Sport Management for that sport. Each school will receive their rule book on a rotating basis every other year except football which receives a rule book yearly. Here is a schedule for the next two years:

- **2019-2020**
  - Fall: football, volleyball, field hockey, golf
  - Winter: swimming & diving, wrestling
  - Spring: track & field
- **2020-2021**
  - Fall: football, boys' soccer, girls’ soccer,
  - Winter: boys' basketball, girls’ basketball, ice hockey
  - Spring: baseball, softball, boys' lacrosse, girls’ lacrosse

You should have received the following on the dates indicated:

- **June 21:** Football Weight Charts
- **June 21:** Field Hockey Preseason Mailing
- **June 22:** Football Preseason Mailing
- **June 23:** Volleyball Preseason Mailing
- **June 26:** Golf Preseason Mailing

You will receive the following on the dates indicated:

- **August 1:** Handbooks (2)
- **October 1:** School Directory
- **October 15:** Year-In-Review
- **November 1:** Preseason mailings for swimming & diving, wrestling
- **March 1:** Preseason mailings for track & field

Flash Photography
Authorized news media representatives, who have been approved for credentials by contest managers or the OHSAA, shall be permitted to use electronic lighting equipment (includes both strobe lights and flashes mounted to cameras) throughout the course of a given activity in all sports EXCEPT bowling, gymnastics and diving (including warm-ups). In addition, electronic lighting is NOT permitted to be used in the following situations: in basketball in the free throw lane area (behind the background); in golf during and a few seconds before the swing; and in swimming immediately before the start of a race so as to not interfere with the starter’s signal.

Additional Photography Note: In the sport of volleyball, electronic lighting is not permitted at any time during OHSAA tournament contests, and electronic lighting is only allowed during regular-season contests in gymnasiaums that do not meet the minimum lighting standards of 1600 ASA (film speed) at 500th of a second at an aperture of f2.8. If those lighting conditions apply, flash photography may be used, but not when a student-athlete is serving. During regular-season volleyball contests, photographers must work with school administrators anytime prior to the start of a match to test equipment and have the light meter reading verified. The reading can then be used for future matches in the same facility in the same season without retesting.

Photographer Positioning
In basketball, photographers and videographers are prohibited to position themselves behind the backboard (within the free-throw lane area) unless approved by the OHSAA.
1. The first violation of this policy shall result in a warning from contest managers or the OHSAA, and the second violation of this policy shall result in the removal of the photographer from the contest facility by contest managers or the OHSAA.
2. Photographers may position themselves along the baseline outside the lane area of the court (and are permitted to use electronic lighting as specified in Section 6-c).
3. The use of remote-operated cameras behind a basket is permitted (without flash) so long as the guidelines listed above are followed.
4. In soccer, photographers are permitted between the team benches only if approved by the head official (who may consult with both head coaches, if needed).

Photographers for other sports shall be placed in positions in accordance with National Federation of State High School Associations National Rules. In the sport of football, field hockey and soccer, photographers shall be positioned behind the restraining line, which is two or more yards from the sidelines and end zones. In volleyball, photographers shall not be positioned in an area that could be “in play.” When a soccer match goes to penalty kicks (after overtime), photographers may position themselves on the field in the midfield area if approved by the site manager or media coordinator. In addition, photographers shall not be positioned in the team boxes between the 25-yard lines. In baseball, photographers are prohibited from being in live ball areas unless a photographer’s area (typically with a paint or chalk line) has been established by the game manager and approved by the officials before the game. The OHSAA requests that at least one area be designated for photographers that provides an unobstructed view of the field. In softball, no such photographers area is permitted inside live ball areas.

Officials have the authority to remove any member of the media for not staying in or keeping their equipment in designated dead ball areas. In the sport of golf, photographers are not permitted to take photos while a player is addressing his/her ball and during his/her swing unless the photographer is at such a distance away from the player that no audible noise can be heard by the player. In the sports of volleyball, bowling, track and field, swimming and tennis, contest officials have additional authority to decide where photographers may position themselves based on the layout of the facility or competition area.

Special Access and Photo Sales
1. Individual credentialed media personnel and spectators may not sell photos from OHSAA state tournaments. Furthermore, credentialed media may not give photos to current student-athletes (or their parents or legal guardians) or post galleries of their photos from state tournaments. (A gallery is defined as more than five photos displayed on one webpage.) If a credentialed media photographer posts a photo on his/her personal webpage, it may not be made available for high-resolution download.
2. In team sports (field hockey, soccer, volleyball, football, team wrestling, ice hockey, basketball, softball, baseball and lacrosse), one school-designated photographer (student or adult) may be credentialed for OHSAA tournament contests if approved by the school’s athletic administrator. The school-designated photographer may only give his/her photos to the school (athletic director, principal or head coach) for the school’s use. Photos may not be sold or posted online in galleries (see previous note) and may not be posted so they are available for high-resolution download.
3. Bona fide newspapers, as determined by the OHSAA, may sell photos from OHSAA tournament contests via the newspaper’s office or official website. Permission is granted because newspapers have always been permitted to fill the photo requests of their readership, and photo sales is not their primary purpose for covering a contest.
4. School officials have the authority to permit or deny freelance photographers (including parents) from having special access at their regular-season athletic contests.
5. School officials have the authority to permit or deny the sale of photos from their regular-season contests.
6. Freelance photographers who are granted a media credential for sectional, district and regional tournament games (and state semi-final games in the sports of football, soccer and lacrosse) may sell photos from the contest as long as the photographer is affiliated with a specific school and can produce a written or on-site verbal show of support from that school’s athletic director. However, said photographers may not set up booths or tables, distribute promotional material or request that public address announcements be read that advertise their services.
7. Freelance photographers who are not affiliated with a bona fide media outlet will not be credentialed for state tournament contests. Photos taken from spectator viewing area at state tournament contests are for personal use only and may not be sold.

Use of Drones
The use of Unmanned Aircraft Systems (UAS), most commonly referred to as drones, is not permitted anywhere within the entire athletic facility during any OHSAA tournament contest, beginning one hour before the contest is scheduled to begin. This includes both indoor and outdoor contests. The facility includes both the area above the playing surface itself, and the areas above the surrounding surfaces that are a part of the facility, including, but not limited to, bleachers and other seating areas, parking lots, sidewalks, running/walking track, adjacent athletic fields, etc.
1. The use of UAS at regular-season contests is permitted pending approval from the host institution, which accepts all liability and confirms that the UAS complies with local, state and federal regulations.

Photography Regulations Continued on Back Page
The Value of Working with the Media
Positive exposure in the news media is not simply a by-product of having a winning program. It is often the result of prepara-
tion, good communication and providing the media with the information they need to do their jobs. That is true in any sport, any time of year, win or lose, sectional or state.

When an interscholastic athletic program or tournament site has positive relationships with the media, the value is imme-
surable, both in terms of “positive press” and building relationships with the media that could last for years. It also plays an integral role in influencing public opinion.

Tips for Working with the Media
1. Be available via email and telephone to correspond with media to answer their questions, including credential requests, work spaces, parking suggestions, media seating and your specific policies, etc.
2. Establish a seating area for media members, as well as an overflow area if the area is full. Assign specific seats with name cards, if needed, giving priority to media that have followed a team for all or the majority of its season, along with larger regional or statewide media outlets.
3. BROADCAST CONNECTIONS (especially for football press boxes and basketball gyms): Having internet connections or phone lines available is crucial for radio stations and is greatly appreciated. A nominal fee can be assessed (typically less than $50).
4. Be sure that electrical outlets are available. Set out power strips, if needed.
5. Explain what wireless internet signals are available. Wireless internet access is very important for media, especially for those required to provide game updates on social media.
6. If possible, provide media with rosters, programs, statistics, etc., and any other information you have been able to assemble prior to the game.
7. Explain to photographers where they may shoot from. In baseball (not softball), this includes any “dead ball” areas inside the playing field fence, pending approved by the head umpire. The umpire has authority in this area. See the full photography regulations in this brochure.
8. Explain post-game interview procedures to coaches and media before the game.

Tips for Effective Media Relations
Cooperation and a positive attitude are the cornerstones of developing relationships with the media and getting good exposure for athletic programs and tournament sites. Being prompt, following through on scheduled interview times, providing statistics or access to coaches and/or student-athletes all go a long way to having a positive relationship with the media. In return, that should result in cooperation from the media when their help is needed for making public announcements or getting exposure for a good story.

Media Needs — Understanding deadlines and specific needs of the media will go a long way toward creating good relationships.
Consistency in Results Reporting — Coaches and tournament managers (or an assigned person) should contact the media to report the final score immediately after the game.
Availability — Let media know when you’re available, such as in your voicemail greeting or email auto-reply.
Uniforms and Jersey Numbers — Media rely on clearly visible jersey numbers. When ordering new uniforms, please have numerals be a contrasting color to the jersey.

For football playoff games, host sites shall use the OHSAA press box priority seating memo posted on the OHSAA’s football webpage.

Broadcast Fees
During OHSAA tournament contests, game managers collect broadcast rights fees, when applicable. The broadcast fees chart is posted on the OHSAA’s “News & Media” page at OHSAA.org. Special video restrictions apply for tournament contests and when the OHSAA’s official television partners are covering a game. Also, some radio stations have been approved to pay fees directly to the OHSAA, or have fees waived as OHSAA Radio Network affiliates. Contact the OHSAA Communications Department to check the status of a station.

Reporting OHSAA Tournament Scores and Postponements
It is essential that tournament managers (or their assigned person) report the final result of each tournament contest as soon as possible. In some sports, that involves entering the score online into the myOHSAA bracket and/or contacting the Associated Press.

Contact the Associated Press for Football, Basketball, Softball and Baseball
During the tournament, the Associated Press compiles nightly score lists in these sports. The AP also requests regular-season results in football and basketball. Results can be reported to the Associated Press using several methods:

- Toll Free: 800-300-8340
- E-mail: apscores@ap.org
- Fax: 888-832-0338
- Text: 801-252-6046

Please be sure to say or type the sport, the gender and “Ohio” in the subject line of your information.

Additional Postgame Responsibilities
1. Ensure that interviews take place per the procedures you explained prior to the game.
2. Allow media members a minimum of 60 minutes after the game to work at press row or the designated media work area.
3. If inclement weather is an issue and you have an indoor space available for media to work, explain where it is located and any important details associated with that space.

Utilizing Social Media for Scores
Schools are encouraged to use their social media accounts to report scores. When reporting a score, please be sure to include the sport, gender, opponent and level of competition (varsity, JV, freshman, etc.).

OHSAA Tournament Policy/Public Address Announcement on Spectators Taking Photos and Videos
Spectators taking photographs or videos may not interfere with the view of this contest by other spectators, nor may they take additional space in seats that have been purchased. In addition, all photographs and videos taken by spectators at this event are for personal use only. The use of photographs for commercial or scouting purposes is strictly prohibited.
